## **CONDITIONS OF PARTICIPATION**

### **10. Legal basis, eligibility and rules of origin**

For this contract award procedure, participation is open to all natural persons who are nationals of and legal persons (participating either individually or in a grouping – consortium – of candidates/tenderers) which are effectively established in Ethiopia.

### **11. Number of tenders**

No more than one tender can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting a tender). In the event that a natural or legal person submits more than one tender, all tenders in which that person has participated will be excluded.

No restrictions may be made in the number of lots a tenderer can be awarded.

The tenderer may submit a tender for one lot only, several lots or all of the lots, but only one tender per lot. Contracts will be awarded lot by lot and each lot will form a separate contract.

Any tenderer may state in its tender that it would offer a discount in the event that its tender is accepted for more than one lot.

### **12. Grounds for exclusion**

As part of the tender, tenderers must submit a signed declaration, included in the tender form, to the effect that they are not in any of the exclusion situations listed in Section 2.6.10.1. of the practical guide.

Tenderer included in the lists of EU restrictive measures (see Section 2.4. of the PRAG) at the moment of the award decision cannot be awarded the contract.

### **13. Sub-contracting**

Subcontracting is not allowed.

## SELECTION AND AWARD CRITERIA

### 16. Selection criteria

The following selection criteria will be applied to the tenderers. In the case of tenders submitted by a consortium, these selection criteria will be applied to the consortium as a whole if not specified otherwise.

**1) Economic and financial capacity of the tenderer** (based on item 3 of the tender form). In case of tenderer being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last two financial years for which accounts have been closed. The average turnover (sales) of the participant must be at least 2,000,000.00 ETB.

**2) Professional capacity of the tenderer** (based on items 4 of the tender form).

The reference period which will be taken into account will be the last two years preceding the submission deadline.

**3) Technical capacity of tenderer** (based on items 5 and 6 of the tender form). The reference period which will be taken into account will be the last two years preceding the submission deadline.

This means that the contract the tenderer refers to could have been started at any time during the indicated period but it does not necessarily have to be completed during that period, nor implemented during the entire period. Tenderers are allowed to refer either to supply contracts completed within the reference period (although started earlier) or to supply contracts not yet completed. Only the portion satisfactorily completed during the reference period will be taken into consideration. This portion will have to be supported by documentary evidence (statement or certificate from the entity which awarded the contract, proof of payment) also detailing its value. If a tenderer has implemented the supply contract in a consortium, the percentage that the tenderer has successfully completed must be clear from the documentary evidence, together with a description of the nature of the supplies provided if the selection criteria relating to the pertinence of the experience have been used.

Previous experience which would have led to breach of contract and termination by a contracting authority shall not be used as reference. This is also applicable concerning the previous experience of experts required under a fee-based service contract.

### 17. Award criteria

Best price-quality ratio.

## **TENDERING**

### **18. Deadline for submission of tenders**
